GLITCHY TRADERS

12, Civil Lines, Nagpur 440001 | PAN: AAAFG1234K

Notes to the financial statements

(All amounts in ₹, unless otherwise stated)

1 Entity information

These financial statements relate to Glitchy Traders, a partnership firm.
12, Civil Lines, Nagpur 440001, PAN: AAAFG1234K.

2 Significant accounting policies

2.1 Basis of preparation

The financial statements have been prepared under the historical cost convention on the accrual basis of accounting, in accordance with the generally accepted accounting principles in India, including the Accounting Standards issued by the Institute of Chartered Accountants of India, to the extent applicable. The financial statements are presented in the format given in the ICAI Guidance Note on Financial Statements of Non-Corporate Entities.

2.2 Use of estimates

The preparation of financial statements requires estimates and assumptions that affect the reported amounts of assets, liabilities, income and expenses. Differences between actual results and estimates are recognised in the period in which they are known.

2.3 Property, plant and equipment

Property, plant and equipment are stated at cost of acquisition, including attributable costs of bringing the asset to its working condition, less accumulated depreciation. Depreciation is provided on the written down value method at the rates prescribed under the Income-tax law; assets put to use for less than 180 days in the year are depreciated at half the rate.

2.4 Inventories

Inventories are valued at the lower of cost and net realisable value. Cost is determined on the first-in, first-out (FIFO) basis.

2.5 Revenue recognition

Revenue from sale of goods is recognised when significant risks and rewards of ownership are transferred to the buyer, and revenue from services when the service is rendered, net of goods and services tax.

2.6 Employee benefits

Short-term employee benefits are recognised as an expense in the year in which the related service is rendered. Contributions to provident fund and other defined contribution schemes are charged when due.

2.7 Taxes on income

Provision for current tax is made on the basis of the taxable income for the year under the Income-tax law.

2.8 Provisions and contingent liabilities

A provision is recognised when there is a present obligation as a result of a past event and a reliable estimate can be made of the outflow. Contingent liabilities are disclosed by way of notes.

3 Partners' capital accounts

Movement during the year ended 31 March 2026
